Time is Money! : Eliminate those BA's and CA's

Broken appointments (BA's) and changed appointments (CA's) are an expensive drain on the practice. Understanding "why" they occur is an essential first step in reducing and possibly, eliminating them. The second step is to learn how to prevent them and the third is to re-educate your existing patients to exhibit greater respect and responsibility toward their reserved time. Finally, to ensure your progress, it is important to track your practice results to see how well your new system is working. Learning to overcome this practice handicap results in less stress and increased satisfaction for the entire team.

The Complete Care Dental Practice

Stop wrestling with the confusing steps to implement complete care into your practice. This course will simplify the steps proven necessary to transition your current systems so you can practice dentistry efficiently and profitably. Your entire team will be inspired and motivated to accelerate the transition and you'll leave with a specific plan for providing exceptional patient care to build a highly profitable practice, all while delivering complete care.

You will learn:

- Effective strategies to correctly handle the new patient phone call
- Verbal skills to present treatment and improve case acceptance.
- Three necessary components to every clinical exam.
- Specific practice numbers you should monitor and what they tell you
- How to maintain a stress free schedule and improve productivity
- To create balance between your practice and family lifestyle
